The Inkjet Universe
Inkjet Industry Directory
Product Categories

Please select the most appropriate categories for your company's complimentary Inkjet Industry Directory listing and enter them in the Product Categories field in the online input form.

Black = Level 1 - Red = Level 2 - Green = Level 3

Consultants
- **Marketing**
- **Strategy**
- **Technical**

Drying & Curing
- **Ebeam**
- **Hybrid**
- **IR**
- **LED**
- **Near IR**
- **Thermal**
- **UV**

Education, Events & Training
- **Colleges & Trade Schools**
- **Conferences**
- **Courses**
- **Trade Shows**
- **Training & Installation**
- **Webinars/Virtual**

Finishing & Pretreatments
- **Post Print Converting**
- **Slitting**
- **Substrate Feeding & Finishing**
- **Surface Pretreatments**

Inks & Fluids
- **Coatings/Primers/Varnishes**
- **Functional Fluids**
  - **Biomedical (Antibodies, cells, drugs, enzymes, reagents, etc.)**
  - **Electronic Materials (Conductive, Dielectrics, Insulators, etc.)**
  - **Food Grade Materials (Colorants, Flavors, Scents, etc.)**
  - **Graphene**
  - **Metals & Powders**
  - **Specialty Additives (Anti-scratch coatings, Etchants, etc.)**
  - **System Cleaning & Maintenance Fluids**

- Inks
  - Aqueous
  - Hot Melt
  - Hybrid
  - Oil Based
  - Radiation Cured (UV, Ebeam, etc.)
  - Solvent
- Raw Materials
  - Colorants (Dyes & Pigments)
  - Curing System Chemicals & Additives
  - Dispersants/Dispersions
  - Polymers/Binders
  - Rheology Control
  - Solvents
  - Specialty Additives (Adhesives, Algaecides, Biocides, Defoamers, Humectants, pH Buffers, Stabilizers, etc.)
  - Surfactants
  - Waxes

Printers

- 3D/Additive Manufacturing Printers
- Desktop Printers
- Development Units
- Digital Coaters
- Digital Presses – Flatbed
- Digital Presses – Hybrid
- Digital Presses – Sheet Fed
- Digital Presses – Web
- Industrial Printers – Industry Specific
- Industrial Printers – Inline
- Industrial Printers – Standalone
- Wide Format Printers

Printheads

- Continuous Inkjet
- Mechanical Inkjet
- Piezoelectric Inkjet
- Test Bed Printhead Evaluation Systems
- Thermal Inkjet

Publications

- Academic/Scientific
- Magazines
- Newsletters & eNewsletters
- Patent Reviews & Listings

Professional & Industrial Organizations

- Printing Industry
- End User
  - 3D Printing & Additive Manufacturing
  - Architectural (Flooring, Laminates, Wallcoverings, etc.)
  - Ceramics
  - Electronics
  - Labeling & Packaging
  - Life Sciences (Medical, Biomedical, etc.)
  - Manufacturing (Automotive, Aerospace, etc.)

R&D and Product Development Equipment (Dropwatchers, fluid/media interaction, instrumentation, print quality, surface properties, test beds, etc.)

Services
- Contract Manufacturing
- Converting
- Printhead Refurbishment
- Product Development/R&D
- Testing

Substrates
- Industrial Substrates-Ceramics, Glass, Metals, Plastics, Textiles, Wood, etc.
- Novelty Materials Substrates
- Paper & Board Based Substrates
  - Coated
  - Corrugated
  - Labels
  - Specialties
  - Uncoated
- Synthetic Based Substrates
  - Flexible Packaging Substrates
  - Labels
  - Specialties

System Components (Hardware, Software, & Service)
- Drive Electronics
- Ink Supply Components & Systems
- Motion Control
- Print & Image Quality Monitoring
- Quality Control
- Software (Color Management, Data, Firmware, Image Enhancement, Preflighting, RIPs, Web to Print, Workflow, etc.)
- Substrate Feed & Registration Control

System Integration

Technology Competitors for Inkjet
- Conventional Print Technologies (Offset, Gravure, Pad, etc.)
- Electronic Documents
- Landa Nanography
- Non-Inkjet Additive Manufacturing Technologies
- Thermal Printing
- Toner Based Technologies (Electrophotography, Liquid Toner, etc.)
