February 5-6, 2019

Inkjet Printing Conference 2019 (P6)
February 6-8, 2019

**Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida**

IMI's *Digital Print Week 2019* features IMI's strategic annual **Inkjet Printing Conference 2019** plus three timely concurrent **Digital Print Conferences 2019** - **Digital Manufacturing Conference 2019**, **Future Packaging Conference 2019**, and **Security Printing Conference 2019** along with learning opportunities at the **Inkjet Academy**. These programs are designed to provide improved understanding of ongoing developments and the ability to capitalize on the business opportunities being generated by inkjet and related digital print technologies' advancements.
If you are interested in speaking opportunities at any *Digital Print Week 2019* conferences - contact al@imiconf.com

IMI's programs are designed to enable attendees to obtain the latest technical, market, and application information while allowing time to network with other attendees in a time and cost efficient manner. Attendance at IMI programs enables attendees to meet with the industry's leading experts in a single location in a short time period maximizing information transfer efficiency and minimizing travel and time expenses.

While conventional printing declines, the transition from an analog to digital world accelerates – which is being reflected in the growth of inkjet/digital applications and opportunities, both within the printing industry and increasingly in manufacturing applications. IMI provides programs and formats to obtain timely updates and understanding of key digital printing related technologies, markets and applications - **keys to your future success**.

Digital Print Conferences 2019

Digital Manufacturing Conference 2019
"The Future of Manufacturing"

Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida
February 5-6, 2019

Digital design and manufacturing provides the ability to connect different parts of the manufacturing life-cycle through data and to utilize that information to make smarter, more efficient business decisions. Just as digital technologies have reconstituted the entertainment, communications and financial sectors; digital technologies are now in the process of transforming the way parts, components and complete systems are being designed and manufactured. **Digital Manufacturing will revolutionize the American manufacturing industries and is truly the Future of Manufacturing.**

IMI's **Digital Manufacturing Conference 2019** explores current digital manufacturing technologies, ancillary manufacturing infrastructure requirements, application opportunities, challenges, needed improvements to enhance implementation, economics and other factors essential to the growth and expansion of Digital Manufacturing

IMI's **Digital Manufacturing Conference 2019** also addresses the challenges, options, opportunities, and other issues associated with digital manufacturing's growth and implementation. This strategic conference provides high value information for senior executives, commercial managers, development teams and end users covering the most recent innovations, trends, and issues critical to the growth and expansion of digital manufacturing.

This one and one-half day event includes the following elements:

- Market opportunity briefings
- Perspectives from key end users
- Networking Lunch, Breaks & Receptio
- Suppliers Forum Presentation Opportunities
- Updates and views from industry pacesetters
- Technology/infrastructure needs for digital manufacturing implementation
- Complimentary Display Space
- I.T. Strategies Market Report

3 for 1 Registration - One Registration Fee provides access to & all presentations from Digital Manufacturing Conference 2019; Future Packaging Conference 2019 & Security Printing Conference 2019!

Tuesday, February 5, 2019

8:00 a.m. Registration

8:30 a.m. Opening Session

Digital manufacturing's role in evolving manufacturing environment

- Why are we interested in digital manufacurng?
- Defining tomorrow's "manufacturing" industry
- Digital manufacturing initiatives
- What does digital manufacturing offer?
- Potential impact on jobs & economy
- here do digital print technologies fit?
- Market opportunities & potential - Are applications limited or limitless?

12:00 Noon Networking Luncheon

1:30 p.m. Session 2

Digital manufacturing infrastructure requirements/needs

- Key parametric & infrastructure trends
- Digital manufacturing design requirements & options
- High powered computing requirements
- Resources allocation & sharing
- Intellectual Property issues
- Will retail 3D printing service bureaus be the future?
- Who will develop the infrastructure?

Suppliers' Forum: 5-Minute presentations related to technology, capabilities, services, products Introductions, etc. - open to all.

6:00 p.m. Networking Reception in Display Area

Wednesday, February 6, 2019

8:30 a.m. Session 3

Major digital manufacturing applications

- Aerospace, automotive, energy, etc.
- Consumer products: Personalized products, jewelry, furniture, home decor, art, replacement parts, etc.
- Medical, dental & biomedical: Prosthetics, hearing aids, microdispensing, live cells, etc.
- Quality, functionality, speed, size, cost etc.
- Materials availability, user friendliness, economics
- Technology developments for applications expansion
- Materials development ket to success
- Integration of digital manufacturing into traditional industry

12:00 Noon Adjournment

Digital Print Week 2019

Digital Print Conferences 2019

Future Packaging Conference 2019
"Digital, Smart & Sustainable"

Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida
February 5-6, 2019

IMI's **Future Packaging Conference 2019** is designed to provide comprehensive coverage of the numerous factors, technologies, enablers & barriers, challenges, and most of all – OPPORTUNITIES – that are combining to create Future Packaging! Packaging currently makes up ~43% of the $901B commercial print market and with nearly 50% of packaging production jobs under 10,000 run length; **it is clear that the future of packaging is digital, smart, and sustainable**.

Packaging is becoming so much more than just the stuff the stuff comes in**.** Brand owners increasingly view packaging as a way to directly engage their consumers. Great new packages serve as a bridge between the consumer and the brand owner in a way previously interrupted by the distribution chain. In some of the best recent designs the package becomes a fundamental part of the value proposition for the product itself. Packaging also takes on some of the big issues of our day: enhancing consumer safety, reducing environmental impact, reducing food/materials waste, providing personalized beneficial data and much more.

IMI's **Future Packaging Conference 2019** addresses the challenges, options, and opportunities associated with future packaging requirements, technology choices, drivers & barriers, and other issues required to effectively implement packaging innovations. This strategic conference for the packaging industry provides high value information for senior executives, commercial managers, development teams and end users covering the most recent innovations, trends, and issues critical to continued growth and expansion of digital packaging applications and markets. This one and one-half day event includes the following elements:

- **Market opportunity briefings**
- **Perspectives from key end users**
- **Networking lunch, breaks & reception**
- **Suppliers Forum Presentation Opportunities**
- **Updates and views from industry pacesetters**
- **Technology introductions from packaging innovators**
- **Complimentary display space**
- **I.T. Strategies market report**

3 for 1 Registration - One Registration Fee provides access to & all presentations from Digital Manufacturing Conference 2019; Future Packaging Conference 2019 & Security Printing Conference 2019!

Tuesday, February 5, 2019

8:00 a.m.   Registration

8:30 a.m.   Opening Session
Future packaging considerations
- **Packaging industry overview**
- **Packaging joins the expanding digital age**
- **Packaging markets: Structure, size, growth perspective, trends**
- **Digital, smart, & sustainable packaging trends**
- **Design, printing, & other infrastrucure requirements**
- **Future packaging implementation drivers, enablers, and barriers**

12:00 Noon   Networking Luncheon

1:30 p.m.   Session 2
Status, current technologies, trends, & opportunities
- **Case coding**
- **Labels**
- **Folding cartons**
- **Corrugated**
- **Flexible packaging**
- **Direct product decoration**
- **& More!**

Suppliers' Forum: 5-Minute presentations related to technology, capabilities, services, products Introductions, etc. - open to all.

6:00 p.m.   Networking Reception in Display Area

Wednesday, February 6, 2019

8:30 a.m.   Session 3
Future packaging value propositions
- **Digital, smart, & sustainable value propositions**
- **Drivers, enablers, & barriers**

The evolving regulatory environment

Unique requirements & opportunities
- **Pharmaceutical packaging: Track & trace, anticounterfeiting, shelf-life, storage condition validation**
- **Food packaging: shelf-life extension, freshness & ripeness, supply chain integrity, waste reduction**
- **Brand protection & building customer engagement**
- **True run length 1**

Developing your "Future Packaging Strategy"

12:00 Noon   Adjournment

IMI

Digital Print Week 2019

Digital Print Conferences 2019

Security Printing Conference 2019

Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida
February 5-6, 2019

With the rapid advancements in all aspects of security printing technologies and features; the international focus on improved security; anti counterfeiting/brand protection initiatives; and the accelerated demand for product/document/ID protection - it is all the more important to keep up to date to maximize your participation, success, and profitability in the security printing industry.

IMI's **Security Printing Conference 2019** addresses the challenges, options, and opportunities associated with security requirements, technology choices, materials selection, safety, and other issues required to effectively protect products and documents. This strategic conference for the security printing industry provides high value information for senior executives, commercial managers, development teams and end users covering the most recent innovations, trends, and issues critical to continued growth and expansion of security printing applications and markets. This one and one-half day event includes the following elements:

- Market opportunity briefings
- Perspectives from key end users
- Networking lunch, breaks & reception
- Suppliers Forum Presentation Opportunities
- Updates and views from industry pacesetters
- Technology introductions from pinting & security materials innovators
- Complimentary display space
- I.T. Strategies market report

**3 for 1 Registration - One Registration Fee provides access to & all presentations from
Digital Manufacturing Conference 2019; Future Packaging Conference 2019 & Security Printing Conference 2019!**

Tuesday, February 5, 2019

8:00 a.m.   Registration

8:30 a.m.   Opening Session
Security printing: Why are we interested?
- **Security printing industry's landscape & transitions**
- **Pharmaceutical serialization mandates & regulations**
- **Is cost justification possible for security printing?**
- **Can successful security features be added to labels & packaging?**
- **How do printer manufacturers, materials suppliers, & printers participate in security printing market?**

12:00 Noon   Networking Luncheon

1:30 p.m.   Session
Security printing issues & options
- **Visible vs. invisible features: Where to put them**
- **Dye selection & requirements for invisible codes**
- **Are UV inks the answer?**
- **Drying & curing options**
- **Are labels and packaging the best security printing alternatives**
- **Detection & validation**

Suppliers' Forum: 5-Minute presentations related to technology, capabilities, services, products Introductions, etc. - open to all.

6:00 p.m.   Networking Reception in Display Area

Wednesday, February 6, 2019

8:30 a.m.   Session 3
Do new security printing technologies offer economically viable solutions?
- **Inks, additives, laminates, substrates, features, etc.**
- **Print technology developments: Inkjet, laser, thermal, conventional**
- **Nanotechnology advancements**
- **Integration of electronic & novel features with print**
- **Quantun dots, DNA, HD barcodes, RFID, QR codes, holograms, etc.**
- **Optically variable inks & devices, taggants. color change/shift**
- **Other options: What does the future hold?**

12:00 Noon   Adjournment

Digital Print Week 2019

Inkjet Academy

Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida
February 5-6, 2019

The **Ink Jet Academy** has been attended by over 3,000 people in the past 18 years. Presented by Mike Willis of Pivotal Resources and Dr. Alan Hudd of Alchemie Technology, the course covers all the basics of inkjet technology.

Understanding the basics is essential to any industry's development. The **Inkjet Academy** covers the basic theory behind the many types of inkjet technology used today and aims to give your understanding of the industry an expert start or update.

At the **Inkjet Academy** you'll learn how printheads work, the materials used in their fabrication and the theory of their operation. You'll also find out about how inks are formulated and used, as well as ink supply and support systems and much more.

The **Inkjet Academy** provides a program and convenient format designed to provide useful resource information for anyone entering the inkjet industry, seeking an update on today's technology, or looking for further fields of development.

Tuesday, February 5, 2019

8:00 a.m. Registration

8:30 a.m. Opening Session
Introduction to inkjet
- Course overview
- Types of inkjet technology
- Drop on demand technologies
- Thermal & piezo Inkjet
- Evolution of inkjet markets
- Inkjet patents

Inkjet ink technologies
- Ink types: Aqueious, solvent, oil, phase change & UV Cure
- Dyes & pigments
- Inkjet ink formulations

DOD printhead technologies
- Thermal inkjet
- Piezo inkjet
  - Piston mode designs
  - Roof mode actuators
  - Stacked piezo technology
  - Shear mode designs
  - Silicon printheads

12:00 Noon Networking Lunch

1:00 p.m. Session 2
Inkjet ink design
- Understanding the Inkjet printing process
- Drop formation
- Properties influencing piezo inkjet ink performance
- Testing an ink for reliability: Methods & characerization

Printhead operational issues
- Drop placement accuracy
- Drop ejection frequency
- Crosstalk
- Reliability
- Life issues

Inkjet materials and dispersions
- Range of materials & ink chemistries
- Evolution of inkjet inks
- Evolution of dyes
- Pigments & dispersion technology
- Dispersion theory
- Polymers & additives
- Processes & manufacturing

Print & Image Quality
- Factors affecting print quality
- Printhead-ink-substrate
- Greyscale methods
- Drop detection
- Missing nozzle compensation

6:00 p.m. Networking Reception

Wednesday, February 6, 2019

8:00 a.m. Session 3
UV ink chemistry and curing
- UV curable materials
- Monomers
- Oligimers
- Photoinitiators
- UV curing
- e-beam curing
- Print quality issues with UV inks

System design issues
- Industrial ink supplies
- Bubble control
- Nozzle maintenance
- Mist control

Ink Jet Applications
- Coding, marking, mailing, addressing
- Wide format graphics
- Industrial decoration- Decors/laminates
- Ceramic tiles
- Textiles
- Commercial printing
- Labels & packaging
- Printed electronics, bio-medical, & 3D

Emerging Technologies
- Kodak Stream
- Memjet
- HP PageWide technology
- Landa Nanography
- Lead-free piezo
- Speed & resolution trends

12:00 p.m. Adjournment

Inkjet Academy Leaders

Dr. Alan L. Hudd, Director and Founder, Alchemie Technology, Cambridge, UK
Dr Hudd is Director and co-founder of Alchemie Technology Ltd, an independent contract development and consultancy company to the industrial inkjet industry. Alchemie is developing and commercializing a range of novel printhead technologies through its joint venture company, Jetronica. Jetronica specializes in supplying solutions to selectively pattern liquids and powders capable of using a wide range of chemistries from graphene through textile pre-treatments and 3D printing of metal powders to drugs for implantable drug devices.

Alan Hudd was the Founder and Managing Director of Xennia Technology from 1996 to 2012. Dr. Hudd graduated with B.Sc. Honours degree in Chemistry and Physics, M.Sc and Ph.D research degree in Polymer Chemistry from Manchester University.

Mike Willis, Managing Director, Pivotal Resources Limited, Cambridge, UK
Mike Willis is the Founder and Managing Director of Pivotal Resources, an international marketing and technical consultancy specializing in digital printing. He has worked in this industry for the past 30 years, accumulating extensive experience in a wide range of imaging technologies.
Recognized as an industry expert, he regularly speaks and gives tutorials at printing conferences in Europe and North America. Additionally, he is Publisher of Directions, a service that monitors inkjet patents and significant product launches. Mr. Willis graduated from the Polytechnic of Central London with an honours degree in Photographic Sciences.

IMI

Inkjet Printing Conference 2019

Embassy Suites by Hilton Orlando North
Altamonte Springs (Orlando), Florida
February 6-8, 2019

With the rapid technology developments, applications expansion, and increasing market potential - it is all the more important for you to keep up to date to maximize your participation, success, and profitability in the inkjet industry.

IMI's **Inkjet Printing Conference 2019** is is the flagship strategic conference for the inkjet industry, trusted as a primary source of high value information by senior executives and commercial managers for more than 25 years. The program addresses the most recent innovations, trend, and issues critical to continued adoption, growth, and expansion of Inkjet printing applications and markets. IMI's **Inkjet Printing Conference 2019** program is designed to bring together the ink jet industry's leading experts to provide a comprehensive assessment of the industry (present & future) and to provide valuable insights into development of your future inkjet business strategy..

This one and one-half day event includes the following elements:

- **Market briefings from leading analysts**
- **Perspectives from key end users**
- **Networking Lunch, Breaks & Reception**
- **Suppliers Forum Presentation Opportunities**
- **Updates and views from industry pacesetters**
- **New technology introductions from inkjet innovators**
- **Complimentary Display Space**
- **I.T. Strategies Market Report**

Wednesday, February 6, 2019

11:00 a.m.   Registration

1:30 p.m.   Opening Session

Welcome & Introductions
Alvin G. Keene, President, Information Management Institute, Inc., Carrabassett Valley, Maine
Conference Chair:Mike Willis, Managing Director, Pivotal Resources, Cambridge, UK

The expanding inkjet industry
- **Inkjet printing industr structure & dynamics**
  - **Inkjet printing's role In market place**
- **Market size & structure**
- **Technology & product trends: Piezoelectric, thermal & continuous**
- **Applications development trends**
- **Inkjet as a manufacturing process**

Suppliers' Forum 1: 5-Minute Presentations Related To Ink Jet Technology, Capabilities, Services, New Product Introductions, etc. Suppliers' Forum is open to all Conference Registrants.

6:00 p.m.   Networking Reception in Display Area

Thursday, February 8, 2019

8:30 a.m.   Session 2
Technology advancements
- **Printhead advancements**
- **Technology challenges, hurdles & breakthroughs**
- **New & developing print engine concepts**
- **Lowering life cycle costs**
- **Print & deposition quality enhancements**
- **Design & integration scenarios**
- **Future development needs & opportunities**

12:00 Noon   Networking Luncheon

1:30 p.m.   Session 3
Materials developments key to success
- **Drying & curing innovations**
- **Innovative inks & media**
- **Metallic, electronic & functional fluids**
- **Exotic materials deposition challenges**
- **Materials for 3D printing**
- **Trends**
- **Changing application needs**

Suppliers' Forum 2

6:00 p.m.   Networking Reception in Display Area

Friday, February 8, 2019
8:30 a.m.   Session 4
Integration for successful applications
- **Printed electronics & displays**
- **Materials deposition**
- **Medical, biomedical, & dispensing**
- **Product decoration**
- **3D printing & additive manufacturing**
- **Textile printing**
- **Packaging**
- **& the list goes on!**

1:00 p.m.   Adjournment

Digital Print Week 2019

Sponsorship Opportunity

February 5-8, 2019

IMI is excited to announce sponsorship opportunities for industry suppliers to position themselves "front and center" before a key group of inkjet, digital print, digital manufacturing, security printing, and packaging business leaders including executives, product developers, technologists, major users, etc. - **PLUS** distributing their message to IMI global database of over 20,000 relevant contacts.

Our goal is to develop a "community" focused on the conference programs and Sponsors to generate excitement about the rapidly expanding inkjet and digital print markets, applications, and opportunities - thus benefiting all industry participants and end users.

IMI's *Digital Print Week 2019* features IMI's strategic annual **Inkjet Printing Conference 2019** plus three timely concurrent **Digital Print Conferences 2019** - **Digital Manufacturing Conference 2019**, **Future Packagiging Conference 2019**, and **Security Printing Conference 2019** along with learning opportunities at the **Inkjet Academy**. IMI's conference format features presentations addressing the latest technology, market, and application developments - **PLUS** our unique Suppliers Forum open to all registrants, complimentary display area, networking receptions, lunches, and breaks to maximize networking opportunities.

For details on *Digital Print Week 2019* sponsorship opportunities, contact Al Keene **al@imiconf.com** or call +1-207-235-2225.

The Embassy Suites by Hilton Orlando North address is:

225 Shorecrest Drive
Altamonte Springs, FL 32701
Phone: +1-407-834-2400
Fax: +1-407-834-2117
Web Site: **https://tinyurl.com/ESOrlandoNorth**

Complimentary Displays & Suppliers' Forums

IMI's *Digital Print Week 2019* programs provide the opportunity to have complimentary display space to exhibit your products, technology or services. And the all conferences provide the opportunity to give a commercial 5-minute Suppliers' Forum presentation.

IMI will cooperate with all interested parties to provide appropriate space so products can be displayed and demonstrated throughout the programs. **There is no fee in addition to the standard program registration fees to have a display and/or to give Suppliers' Forum presentations. To reserve your display space and Suppliers' Forum** presentation slots, please register online and check off the boxes indicating your participation OR complete the registration form in this flyer and fax to +1-207-235-2226 OR email **al@imiconf.com**

REGISTRATION INFORMATION
Digital Print Week 2019

IMI

Registration Fees: $1095 **per registrant per program**
$995 for (1) additional program registration to same registrant or (2) each additional registrant from same organization when registered as a group

NOTE: Registration to any one of the 3 concurrent Digital Print Conferences 2019 allows you to atend any desired sessions of all 3 conferences and you will receive conference materials from all 3 conferences.

The registration fee includes attendance at all program sessions, all scheduled program functions, and an electronic copy of that program's reference materials plus I.T. Strategies' "Digital Document & Industrial Print - Beyond the Office" Market Report.

Cancellations will receive a 100% refund if made 96 hours prior to the start of the program. Cancellations made less than 96 hours prior to the start of the program will not receive a refund, but will receive an electronic copy of program materials. Substitutions may be made at any time.

To register, complete online registration at **www.imiconf.com** OR submit the registration form below to Susan Vandrey, Conference Administrator, Information Management Institute, Inc., 1106 Valley Crossing, Carrabassett Valley, ME 04947 USA. You may reserve space by phone +1-207-235-2225, fax +1-207-235-2226 or email **imi@imiconf.com**

Embassy Suites by Hilton Orlando North

IMI's *Digital Print Week 2019* programs are being held at the Embassy Suites by Hilton Orlando North in Altamonte Springs. It is conveniently located 8 miles north of downtown Orlando and 20 miles from Orlando International Airport. The group rate of $144 per night (including wifi & full breakfast) is available until January 14, 2019. Reservations can be made by calling +1-800-445-8667 or +1-407-834-2400 (Reference IMI Group Code "IMI"). Make online reservations at **https://tinyurl.com/IMIFEB2019**.

To make reservations at the Group rate for nights before Sept 4th or after Sept 9th, you will need to contact Mary Beth Byrd **MaryBeth.Byrd@hilton.com** or +1-407-571-3434. Recommended ground transportation to or from Orlando International Airport is Uber or Lyft (estimated one way fares of $32 to $40). Estimated taxi fare is $52 to $56.

Embassy Suites by Hilton Orlando North is the only hotel situated on picturesque Cranes Roost Lake. Walk the boardwalk to see Uptown Altamonte - an entertainment, shopping, and dining district on the lake. Or relax in your spacious two-room suite featuring separate living room with sofa bed, private bedroom, complimentary WiFi, two flatscreen TVs, wet bar, refrigerator, and microwave. Start your day with the complimentary cooked-to-order breakfast or grab a bagel and coffee to go. Gather with friends in the tropical garden atrium for hotel's complimentary evening reception. Savor classic premium beef and seafood specialties for lunch or dinner at Omaha Steak House located in the hotel. Maintain your exercise routine in the fully equipped fitness center, swim laps in the indoor pool, or jog the scenic one-mile Cranes Roost Lake boardwalk - just outside the hotel.
